

- Ideal suitable for OP 10 use
- High level of accessibility

Application/customer benefits

- 5-axis vise, ideal suitable for raw part clamping OP 10
- Jaws with SinterGrip clamping inserts as a standard
- High level of accessibility due to the extra compact design
- High clamping force
- Optional workpiece stop

Technical features

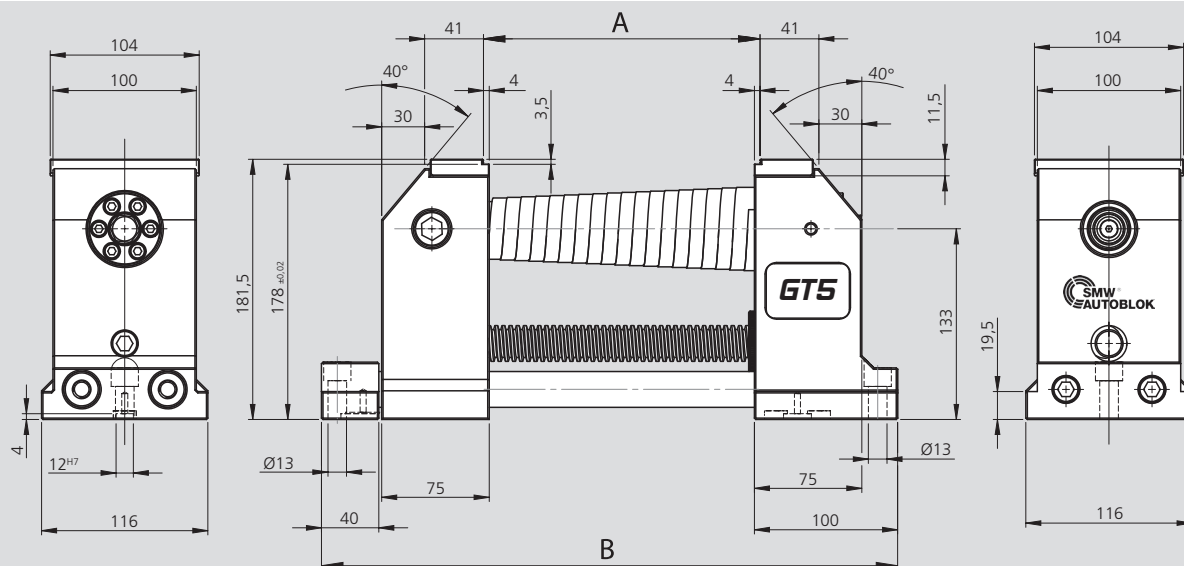

- High clamping force (until 35 kN)
- Jaws with SinterGrip clamping inserts for clamping of workpieces with lowest depth and without pre-marking
- Clamping range 100 mm or 200 mm
- Optional: Interface for zero point clamping system APS / WPS / ZeroAct

Standard equipment

5-axis vise with wrench key, 1 pair of positioning keys for mounting, 1 pair of SinterGrip top jaws, 10 pcs. SinterGrip inserts for steel, key T9, base plate not included in the scope of delivery
